Through investment and innovation, we strive to exceed the requirements of each individual customer, large or small, whilst achieving the very highest standards in quality, safety and environmental responsibility. With a supplier and customer base that is truly global and operations in Europe, America, the Far East and the Middle East, OQEMA is poised to provide you with the resources that you require to bring strength and growth to your business.

From research and development, product refinement, manufacture and distribution, OQEMA remains a dependable partner with a vision for growth and sustainability. Powerful sourcing capabilities enable us to be key stockists for a comprehensive range fine and speciality chemicals. We are constantly exploring new avenues to discover unique and exciting products. Multiple stock locations throughout Europe, and beyond, allow us to respond to customer demands and provide a level of service that truly delivers.
